Skill Testing, Advancing Levels or Changing Classes

As you may have noticed, our coaches have begun their skill testing. We have designated skills for each level of gymnastics at Cobra and have further divided those skills into three categories, Balance & Agility, Strength & Coordination, and Big Skills. We feel it's important for your gymnasts to feel the progress of their learning, so we award these three certificates before they obtain their Level Medal. During our award ceremony in January, students who have achieved the respected skills in the respected categories will be awarded the certificate(s). Please remember it may take two or more sessions before a student advances to a higher level of class or certificate.
